## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: independent claims 1, 15, 16, 17, 19 and the respective dependent claims are allowed because the instant invention recites a novel composite papermaking fabric. Specifically, the fabric requires an upper support fabric formed in a first weave pattern and a lower contact fabric woven in a broken twill weave. The composite fabric includes paired binder yarns weaving in alternating sequences with the upper and lower fabrics in their respective weave design patterns and bind the upper and lower fabrics together. The fabric uses additional paired yarn floats that include a binder yarn and one of a warp or a weft yarn to form paired yarn floats that serve to shield the binder yarn present in the float along the entire length of the float. This configuration greatly enhances drainage, stability and wearability of the fabric.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H. Muromoto, Jr. whose telephone number is 571-272-4991. The examiner can normally be reached on 8-530, M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Calvert can be reached on 703-305-1025. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
